[redacted]:

This is in reply to your letter of July 25, 1961 concerning the American Nazi Party. The answers to your numbered questions are as follows:

1. The American Nazi Party has not been designated by the Attorney General under Executive Order No. 10450 in connection with the Federal employee security program, the only authority under which he may designate organizations.

2. In answer to a question as to whether or not the American Nazi Party should be designated on the Attorney General's list, Attorney General Rogers responded:

"I have serious questions about the wisdom of such an action. The purpose of the list is to alert

The American Nazi Party IS NOT SUBVERSIVE!

AN EDITORIAL

In reply to a letter from Senator Kenneth Keating (R-NY), demanding that the American Nazi Party be investigated and branded as subversive, U.S. Attorney General Robert Kennedy stated that such a move would give the American Nazi Party a "vast amount of free publicity and a public forum from which to spread their obnoxious doctrines."
Kennedy also went on to say that "the purpose of the subversive list is to alert Governmental hiring officials. The mere name of the American Nazi Party identifies it adequately."

Of course, what Mr. Kennedy knows full well, but won't admit, is that the American Nazi Party does not advocate the overthrow of the Government and is not connected with, nor is the agent of, any foreign power (the ONLY grounds upon which an organization can be listed as subversive). Instead of granting us an opportunity to answer our accusers and clear up the charges once and for all, Mr. Kennedy cunningly avoids a hearing by implying, through innuendo, that the ANP is subversive, leaving the impression therefore that no hearing is actually necessary.

Like his governmental cohorts in the House and Senate (Keating, Halpern, et al), who accuse us of being subversive, and then hide behind the convenience of congressional immunity (which affords them protection from libel suits), Mr. Kennedy blatantly uses his public office to smear us.

VIENNA, Austria: Several plastic bombs exploded in front of the U.S. Embassy and the Austrian Parliament early this month. The Werewolf was a WW II Nazi underground organization which carried on resistance in Allied-occupied territory.

FRANKFORT, Germany: The Frankfort state prosecutor has issued arrest orders for 22 SS men alleged to have taken part in the Auschwitz "extermination" of two million Jews.

ISRAEL BEWARE: The above letter was sent to party headquarters all the way from Tel Aviv. Enclosed was a clipping from an Israeli daily commenting on the Hate Bus tour. Even Israel is not free from Nazi sympathizers

BNP members fight Red stewards at "anti-white" meeting. The tradition of defending ourselves when attacked lives on in the British National Party.

ATTACK

Birth of the BNP

ON FEBRUARY 27th, 1960, two organisations, the National Labour Party and the White Defence League, who in the short space of eighteen months had repeatedly burst into the Press headlines with their stand against the Black invasion of Britain and the betrayal of our White Kinsmen overseas, merged together in one united body for race and nation. The British National Party was born.

The Leadership

ANDREW FOUNTAINE: (Left) BNP President, whose ancestors have been Norfolk landowners since the twelfth century. Andrew Fountaine was removed from his position as the Conservative Parliamentary Candidate for Chorley, Lancs, in 1950 because of his attacks on the stranglehold of international finance.

COLIN JORDAN: (Centre) The National Organiser of the BNP. A 36-year old school teacher by profession, Colin Jordan is a history graduate of Cambridge University.

JOHN BEAN: (Right) Deputy National Organiser and Editor of "Combat." John Bean, who is 33, is an Editor of a technical magazine by profession, and like Colin Jordan has been in active Nationalist politics since 1949.

COMBAT

"Combat" first appeared in the autumn of 1958 as a four-page quarterly news sheet. To-day, it comes out bi-monthly and is usually eight pages. Its next target is to be a monthly.

"Combat" is a hard-hitting paper that has never attempted to win popularity by fence-sitting on controversial issues. It preaches nothing but racial nationalism.

Obeying Law Insures Survival

Over the past year and a half hundreds of anonymous letters and postcards have been sent to Negro, Jew and Communist organizations — as well as to us — bearing inflammatory slogans (such as "Jews up the smokestack—Rockwell to power!") printed with a stamp set and bearing our return address. We dubbed the unknown sender 'The Mad Stamper', and were much impressed by his knowledge of and sympathy for National Socialism.

COVER STORY - ISSUE Nº 8 - SEPT.

On the cover we print a picture of two American Nazi Storm Troopers on a recent picket line against the Communistic NAACP race-mixers. On the left is a prominent member of the NAACP weeping bitter tears as a victim of Hitler's inhuman gas-ovens, who was gassed three times, shows his concentration camp tatoo. The public and the policemen who witnessed this tragic sight were seen with tears pouring down their faces....laughing!

N.Y. FREE SPEECH CASE NOW BEFORE THE SUPREME COURT

New York, N.Y.—The City of New York, in complete disregard of the Constitutional right which guarantees free speech, has brought a suit before the U.S. Supreme Court seeking to prevent Commander Rockwell from coming to New York's Red Square.

The City Government, goaded on by Jews and Communists, has been waging a lost and useless battle in the lower courts which have upheld our right to speak.
Our dogged battle has alerted millions of Americans to the hypocritical position of the City of New York which denies Americans the right to speak against Communism while at the same time allowing Communists to openly speak, plan and plot the overthrow of our sacred American form of government.

ARIZONA STATE FAIR COMMISSION DENIES PUBLIC BOOTH FOR NAZIS

Arizona, August 1961.—The Arizona State Fair Commission has denied an American Nazi Party member permission to maintain a booth in the state's annual fair . Storm Trooper Robert Giles sought permission to open a booth from which he intended to distribute party literature. Charles Garland, executive secretary of the State Fair Commission stated "we were shocked! We thought it was a joke. Then Giles came in Thursday and really demanded that he get a booth."

The refusal, Garland stated, was "in the public interest."

False Charges Exposed!

Congressman Seymour Halpern has been ranting and raving about an American Nazi Party sympathizer working in the secret Army Map Service as though he had discovered some sort of traitor. But like all blind name-callers, Mr. Halpern has tripped over on his face. If he took time out to closely study his subject instead of jumping to conclusions, he would find that the victim of his asinine charges and false accusations is more of an American than most of us are. The record speaks for itself: SCHUYLER FERRIS, ex-Marine officer, Princeton graduate, ex-West Pointer, veteran of Bougainville, Guam and New Solomons (wounded behind Jap lines while attacking an enemy machine-gun nest), ex-paratrooper and Raider — needs no reason to stoop to the mud-slinging level of Congressman Halpern. To a man like Schuyler Ferris, Congressman Halpern's ugly words and charges are not worthy of an answer from a REAL American.

New Disturbances At Nazis' Office

Tonight, as you read these lines, two party comrades sit silently and bravely behind prison barricades in Virginia. They are on the road gang for a period of one year. Their crime . . . ? They sought to defend their home, Nazi Headquarters, from rock-throwing agitators. The two Storm Troopers did what was right. They prevented a crime and then returned to their duties. Little did they know that a storm was brewing in ADL Headquarters.

The Jews, with their vast and extensive control of the media of communication, began systematically to inflame the populace by misrepresenting and distorting news stories pertaining to the occurrence. From an almost insignificant incident, similar to dozens of minor clashes that occur almost nightly in front of Headquarters, the Jews succeeded in building a gigantic emotional mountain out of an otherwise insignificant molehill.

Here the Jews found an ideal opportunity to portray "live" to the public what they had been feeding them almost daily over the TV – Hollywood versions of so-called "Nazi brutality and atrocities" against "innocent and harmless minorities." A move to have the party listed as subversive was being pushed at the same time and made the exaggeration of "Nazi brutalities" a convenient pretext upon which to pressure Congress to act with a momentarily inflamed populace to back its acts. This attempt failed. But nevertheless, two good men tonight find themselves deprived of their liberty, and the victims of Jew lies.

EDITORIAL Continued

JOHN PATLER while serving in the Marines—1960

There is another interesting aspect to this subversive question: all the clamor and demands that the ANP be placed on the subversive list came about almost immediately after the news wires successfully inflamed and aroused the passions of the populace against the party by blowing completely out of proportion an incident which occurred in front of Nazi Headquarters where a teen-age Jew troublemaker was apprehended and detained when he attempted to throw rocks at the building in the dead of night.

Cries of "Nazi brutality" sang out across the nation.

With the populace thus inflamed, the Jews cleverly proceeded to exploit and channel the unthinking passions of the aroused masses behind their move to have us listed as subversive. But the stiff sentence imposed on the two storm troopers who turned the young Jew hood over to the police quenched the blood thirst of the mob and the Jew effort to lynch the party and its members died a quick death.

Even the hate-crazed Jew "war veterans" jumped on the band wagon and also began demanding that the American Nazi Party be listed as subversive. (What the small-time Jews and minor league pinkos fail to realize, much to the dismay of their brainier brethren, is that the outcome of any investigation or hearing would be the complete vindication of the ANP of all charges of subversiveness, and the exposure of Jew treason).

Therefore, we openly demand and heartily welcome any and all investigations and hearings and stand ready to prove beyond any question of a doubt that the American Nazi Party, its doctrines and tenets, advocate nothing more than the eternal protection of our United States of America, and our sacred white race.

TAX PROBLEMS NOW SOLVED!

Sometimes it seems that we only survive from miracle to miracle. Time after time when we have been at the end of our strength, money, ideas and hopes . . . from out of the blue has come a bolt of salvation.

For three years the Party has struggled mightily with the problems of financial administration. Our affairs are so utterly radical and different from any ordinary business or organization that the problem of bookkeeping alone had us "on the horrors". None of us knew a nickle's worth of such technical affairs, and, as we have grown, we have become more and more

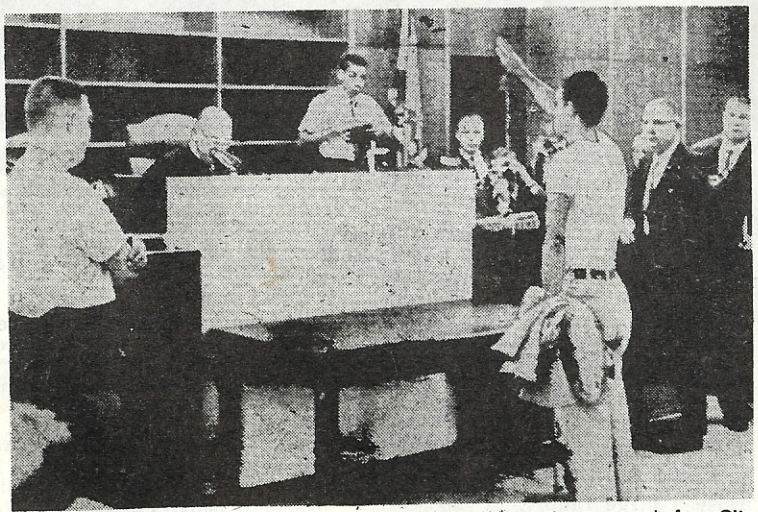
NEWS PICTURES OF THE MONTH

U.S. NAZIS OPPOSE ATLANTA RACE-MIXERS

Atlanta, Georgia.—Storm Trooper Bill Cody (see pictures), stands at city court in Atlanta where he was sentenced to 30 days on "disorderly conduct" charges after being arrested in front of Grady High School, one of four schools Negroes sought to integrate.

Cody is seen wearing "Whites Have Rights Too" slogan on his undershirt. He also had it written on his bare back in case the undershirt was ripped off. Storm Trooper Cody was one of nine troopers who originally set out for Georgia in the well-known "hate bus". The bus ran into mechanical difficulty outside of Richmond and was forced to return. Storm Trooper Cody volunteered to go on alone to Atlanta, knowing that he would most probably face prison.



Giving a Nazi-type salute and shouting "Sieg Heil," Bill Cody appears before City Court Judge Luke Arnolds after arrest outside Atlanta school.

TROOPS DELIVER SIEG HEIL TO COUPLE

Nazi Marriage Celebration

Arlington, Virginia, Aug. 1961.—Storm Leader Ralph Forbes, recently acquitted of charges of inciting to riot when he sought to picket the communistic movie 'Exodus' in Philadelphia, took his vows before the sacred shrine of National Socialism at Party Headquarters this month. He was married to the former Karen Wright of Fairfax, Virginia.

The Commander administered the vows of the National Socialist Marriage Creed after the couple were married. A celebration followed during which the inspiring American Nazi battle song was sung. The couple plan to raise a large family.

SWASTIKA "MEETS" HAMMER AND SICKLE

Washington, D.C. – Union Station, the main railway depot of the Capital, was the scene of a mass anti-NAACP demonstration staged by American Nazi Party Storm Troopers. 1000 delegates of the NAACP were due to arrive by train from Philadelphia.

JEW HEAD OF NAACP SHOWS. . .

Storm Troopers paraded and picketed in front of the station with signs exposing the Jew-Communist leadership of the NAACP. Upon arrival, the NAACP 'safari' was led by none other than the notoriously Communistic New York Jew, Arthur Spingarn, president of the NAACP and recipient of countless citations for association and membership in known Communist fronts. Pictures—above: Picket squad poses in front of headquarters prior to departure for Union Station. Right: Storm Trooper carries sign on line.

Please be sure to write a letter to each of our men presently serving jail sentences. Group Leader Robert Garber and Troop Leader Richard Braun, NORTHSIDE, Virginia State Farm, Virginia, and Storm Trooper Bill Cody, Atlanta City Prison, Atlanta, Georgia.

WHAT IS OUR STAND ON

Socialism?

By DAN BURROS
POLITICAL EDUCATION OFFICER

One of the most misunderstood points in our program is our position on Socialism. Firstly, we must come to a decision as to what is meant by Socialism. When a National Socialist says "socialism" he means "the common interest above self interest and private greed." Certain socialistic measures are necessary to civilization. Fire departments and postal services benefit all, and are best administered by the state. This is the type of "socialism" we intend to uphold.

The Marxist socialists oppose private property and free enterprise. Such a system as Marxism, is unnatural and unworkable. It brings great misery upon its subjects. National Socialists oppose Marxist socialists to the death. In National Socialism we have an organic state. In such a state the prime governor is nature's laws. Private property and free enterprise are both natural and beneficial institutions. We National Socialists do, however, oppose the parasites that exist solely by means of speculation in a capitalist state. A man is entitled to the rewards he earns by use of his brain, his work, managerial skill, or *genuine* risk of his money. The stock manipulator whose whole income is derived from speculation, and who does not contribute to society, has no place in a National Socialist state.

THE COMMANDER

We are about to give a dramatic demonstration of why the American Nazi Party is unlike any right-wing organization ever formed in America.

Not only are we the most outspoken and radical right-wing group, but we are built for battle. We do not try to hide or disguise ourselves to avoid the blows of America's enemies - we SEEK their blows as the sine qua non of our success. AND WE ARE ABOUT TO BE DEALT STAGGERING BLOWS.

For three years we have forcefully exposed the Jew liars and traitors to the point at which they react irrationally and stupidly. With our fight to speak in red Union Square, with our successful setting up of fighting units in most American cities, and especially with our accelerating success in schools and colleges, we have utterly smashed their despicable "silent treatment". The big Jews have been telling their lesser brethern that, like the hundreds of right-wing outfits which come and go every year, we would disappear, if ignored. Twice, they have reported us "dead". The Jew press manipulators are finally unable to pretend any longer we are only lunatics, cowards, profiteers or hoodlums. They know now that white gentiles are winning for the first time in fifty years! It is either us, --- or them!

With lies and rumors, convincing many that we are agents provocateurs, they have brought our funds to a trickle. With vicious pressure on public utilities and public officials, they have made life almost impossible for us and put many of us in jail. With attacks on our wives and children, they have destroyed many of our families. With their press lies, they have convinced the unthinking millions that we are vicious monsters. With pressure on employers, they have made us unemployable and hungry.

Still, we have survived and grown.

Now they have abandoned all hopes of killing us quietly. They are preparing an hysterical, nationwide outburst calculated to finish us off once and for all.

Just before the major campaign against Joe McCarthy began, the Communist "Worker"unleashed the prototype article which was dutifully broadcast by the billion-dollar Jew-controlled press, TV, radio, etc.

Two weeks before the John Birch Society "got it"the line was laid down in the Communist People's World.

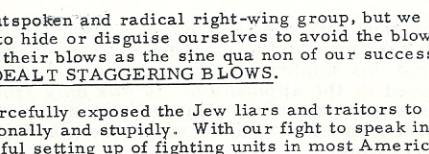
As I write this (29 September 1961), the "Worker"has just front-paged the same kind of attack on the American Nazi Party. At the same time, our insurance policies have been cancelled, most of our utilities shut off, eviction notices served, and they are readying vicious and unfounded legal persecutions, October 16.

There is no question but that we will reel under the brutal blows ahead.

We have spent three years building - not a mass of subscribers or talkers, - but a hard-core of fighters who can take as well as dish out punishment. We are used to their jails, starvation, beatings and lies. We have fought from cellars and rat holes before and expect to do it again.

As you observe the attack planned for October, remember that we have predicted it, planned for it, and welcome it. Let the villians do their worst - they will find Nazis are not "conservatives"! We will "tear off their arms and legs and beat them to death with the bloody stumps"! We will see them in Union Square!

Heil Hitler!



TAX PROBLEMS NOW SOLVED

(Continued from page 10)

worried about an Internal Revenue major attack — not because we were doing anything wrong, but because we simply didn't know how to set up our affairs in a manner to defend ourselves from the inevitable assault. And when the Jewish Mr. Caplin was appointed head of Internal Revenue, we began to look to our passports and false whiskers.

Then, almost eerily, Karl Allen was here. He was so quiet and unobtrusive he was hardly noticed as he came into headquarters. He paid his ten dollars, filled out his application, was photographed and fingerprinted, and then he handed in the application. It was only from this that we learned that he was a graduate of the Harvard Graduate School of Business — the top such school in the world, to which the giant U. S. corporations send their top executives.

During his probationary period, Trooper Allen, who is 30 and ran his own construction company in Florida before deciding to dedicate his life to fighting for America and the White Race, pitched in with the swabs and dishes in the same quietly efficient manner as he does everything else. We handed him the worst mess of receipts, income chits, notes, etc., you can imagine — our "records". They were complete, but in utter disorder. In a few weeks, Trooper Allen has brought order which is nothing less than beautiful to our financial administration, has put us on full corporation finance, and organized our tiny flow of funds so that any one of us can understand the system and keep it running smoothly.

But best of all, out of Harvard, which gave us Frankfurter, Hiss, Kennedy and other such vermin, has come the man who stands ready to champion the spearhead of the White Race not only with his fists, like the rest of us, but with ledger book and tax-form. When Mr. Caplin and his hounds arrive, Trooper Karl Allen, the new Treasurer of the American Nazi Party, will send them howling into the hills with their tails between their legs, as we have done with Bobby Kennedy and all the other would-be Jew dragon-killers.

OBEYING THE LAW INSURES PARTY SURVIVAL

(Continued from page 5)

But we desperately hoped he would contact us so we could caution him that he was violating postal regulations. He never revealed himself, however, and when the Jews got the postoffice after him, we were forced, in line with our utter necessity of remaining scrupulously legal, to help them all we could — which we did. In late August they picked him up — completely clearing us, but also saddening us. He will get UNNECESSARY prison time. But perhaps it will be a good lesson to others who might think of painting swastikas, sending threats, etc. DON'T DO IT! We can win and ARE WINNING legally. When somebody does something illegal, they play directly into the hands of the Jews, and jeopardize the Party and the men who have risked their liberty and lives for so long.

last minute EXTRA!!

MAJOR ADVANCE FOR NAZIS! Five or six years ago, "National Review", a "conservative" news-commentary was launched. Commander Rockwell was hired by the publisher, William F. Buckley, Jr., to help build circulation in schools and colleges. It is doing very well, today, but is so naive or cowardly about the Jewishness of Communism that many readers are becoming disgusted. (There are several Jews on the staff, and it boosts the two Jews, George Sokolsky, -who helped Marxism in China, -and Barry Goldwater, -who openly blasts segregation, etc.) . . . This unfortunate policy by "Nation al Review" has resulted in our being offerred a block of stock in the magazine by a particularly disgusted reader, who wants us to use it force the open and honest discussion of the Jewish problem by "National Review". Needless to say, we will be delighted to comply, and will appear at all stock-holders meetings, insisting on minute adherance to all our rights and priveleges. We shall also look into the filing of a stock-holder's suit against the management of National Review for frittering away the equity in ownership of anti-communists who want a real FIGHT with the real Communists, rather than a lot of "shadow-boxing". . . . Bit by bit, we are, as we predicted, moving into the leadership of the right wing, as the panty-waists and sissies disappoint their followers. With this as a start, we shall start fighting for a major say in the affairs of National Review; and WHAT a surprise it will be for the Hebes when this august publication begins to sprout swastikas TOO!

****

Many subscribers to the "National Socialist Bulletin" have written us complaining that they have not gotten the August and September issues.

The "Bulletin" is issued only six times per year, as was stated in the early issues when most subscribed, and we have to struggle mightily to get these issues out. Imagine yourself, for instance, trying to get paper, ink, supplies, etc, --to get out a NAZI magazine! All subscribers will get all their issues, along with other material from time to time. Please bear with us, racial comrades! This is not like publishing "Look" or "Left", and your bulletin is one of the rarest, most sacred bits of printing existing in the world today! In some foreign Countries, Germany particularly, it is smuggled from patriot to patriot at the risk of terrible persecutions. Your Bulletins are numbered, -this one being only number "8", and that is the only way you can tell if you are missing an issue Back copies simply do not exist, even here. They will doubtless be worth a good deal in the not-too-distant future.

The next Bulletin will not be out until some time around the end of the year, -so please try to be patient, and remember how your Party Comrades here are literally FIGHTING to get it to you!

LAST CALL!!

The Commander's new book, "THIS TIME THE WORLD!" is being published by Parliament House, in New York, soon. It will be sold to the general public for ten dollars per copy. It is profusely illustrated with rare photographs of the intimate details of Nazi activities, Commander Rockwell's personal life, his family and children, pictures of the riots, fights, marches, rallies private meetings, ceremonies etc of the American Nazi Party! It sets forth the complete plans for winning power in the USA by the ANP, and in the world by the WUFENS. It unmasks the Jewish Communists, Zionists and race-mixers in a documented, damning expose, unequaled since the great book by John Beatty, "Iron Curtain Over America"!

"This Time The World!" by Commander Rockwell will be one of the rarest and most valuable books in the world in a short time, because this first edition has been severely limited by Jewish domination of all regular channels of book sales and advertising. Imagine, for instance, the value today of a first edition of Mein Kampf!

In addition, all books ordered from us by our friends and supporters, will be personally inscribed to the purchaser and autographed by Commander Rockwell.

We can offer these historic books to subscribers and friends of the National Socialist Bulletin at only eight dollars, instead of the ten dollars price to the general public charged by Parliament House after regular publication.
